## COMMUNITY CASH: Revenue Sharing Program

IFT Network is a Revenue Share Platform featuring Award Winning Independent Films, Live Theater & Musicals, Original Series & Shows.

**COMMUNITY CASH:** Most film and theater titles on our platform accrue a small percentage of the monthly revenue collected on subscriptions.

Each producer/owner must have an active subscription to be eligible for pay outs on the funds accrued by each title.

All the titles will have an active marketing campaign on IFT Network websites and social media.

See page 10 for details.

## How does COMMUNITY CASH work?

We share a percentage (%) of the subscription revenue with each title. From the \$5.99 per subscription, \$3.00 is moved to the Producers Share Revenue Pool. Your percentage of the Pool is based on the total runtime (length of each title) on the channel that is yours.

## Runtime?

If .05% of the total length of the content on the channel is yours, you are entitled to .05% of the Producers Revenue Share Pool.

COLOR BAR REPRESENTS TOTAL CONTENT RUNTIME ON THE PLATFORM.

EACH SLICE OF COLOR REPRESENTS AN INDIVIDUAL TITLES RUNTIME.

PLEASE NOTE: THIS DOES NOT REPRESENT ACTUAL RUNTIME, AS WE ARE CONTINUOUSLY ADDING, OR REMOVING CONTENT.

## What's it cost?

There are no upfront cost to the producers, although to participate in the COMMUNITY CASH Revenue Share Program you must have an active subscription. Unclaimed accrued funds will be awarded each year in a special grant.

## What IFT Network needs from you?

If approved, here is what we'll need:

- Signed License Agreement.
- An .mp4 video file for your title in 1080.
- All marketing materials, art & a trailer.
